### BASE INFORMATION + GENERAL TECHNICAL SPECIFICATIONS

## LED Tube luminaire | Retro modern

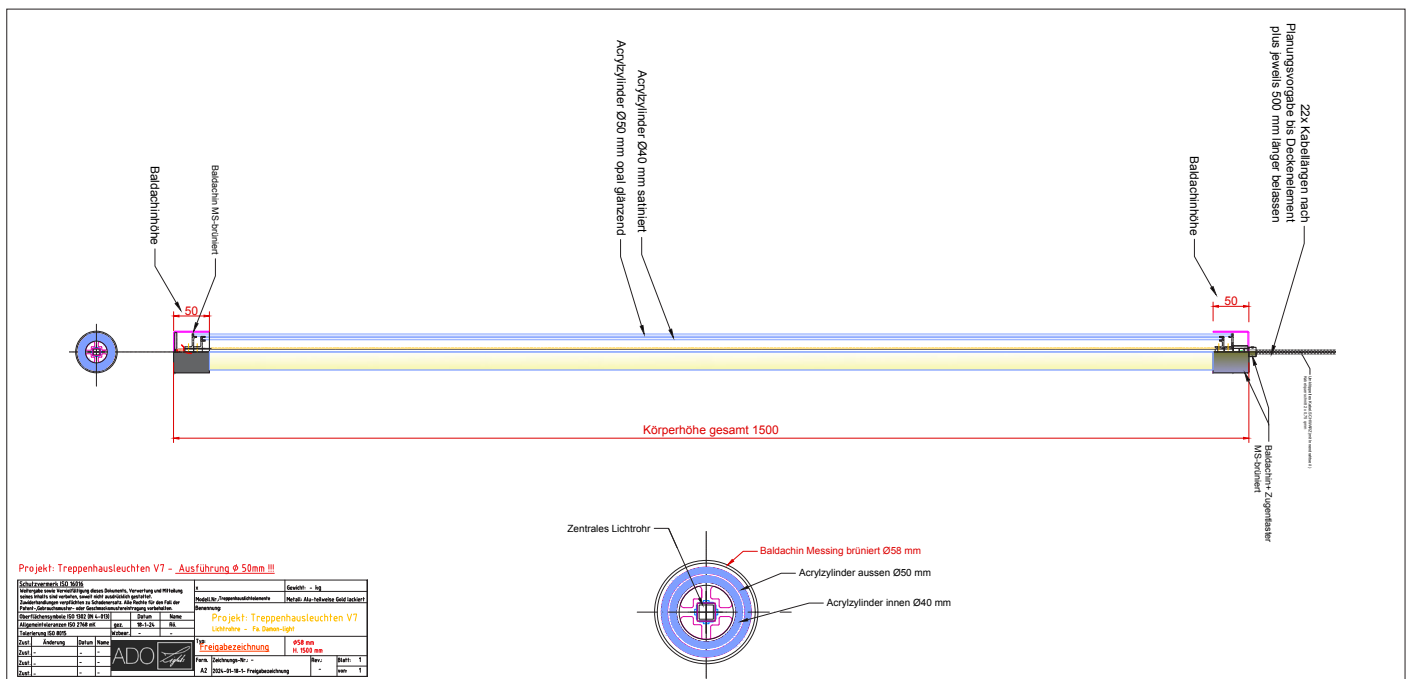

Tube lights in the minimalist industrial design of the 1930s are still very popular today. With their functional, decorative look, they can set accents, as in the stairwell of the new location of a management consultancy in Munich, for which ADO Lights developed this luminaire.

However, in contrast to its cool exterior of satinised acrylic glass and the brushed and burnished brass caps, the interior of the luminaire is anything but retro, but is equipped with the latest LED technology - sustainable and efficient.

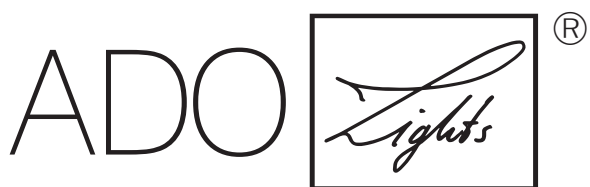

### Merkmale

- For private residences, hotels, offices, showrooms
- No UV components
- Low heat load, therefore only low air conditioning
- Very good colour rendering index [CRI > 90]
- Very good light homogeneity
- Flexible cable lengths
- Customisable

<b>DIMENSIONS [Ø X H]</b>	58 x 1500 mm [other dimensions on request]
<b>POWER CONSUMPTION</b>	30 W
<b>LUMINOUS FLUX</b>	Module efficiency 115 lm/W Luminous flux 1725 lm
<b>OPERATING VOLTAGE</b>	24V DC
<b>SERVICE LIFE</b>	LED 50.000 hours at 70% of mean luminous flux
<b>COLOUR TEMPERATURE</b>	White 2700 Kelvin [other colour temperatures on request]
<b>CRI</b>	CRI > 90
<b>CONTROL INTERFACE</b>	DALI dimmable
<b>IP RATING</b>	IP20
<b>LUMINAIRE HOUSING</b>	Satinised acrylic glass, end caps made of 2 mm thick brass, 50 mm high, polished + brushed, dark burnished
<b>MOUNTING</b>	Textile cord with steel cable Max. length 18 metres [other cord colours on request]
<b>KONVERTER</b>	Overload protection Overtemperature protection Short-circuit protection
<b>GEWICHT</b>	3 kg without cable
